*Re: PITA General Corp. v. Stonington Insurance Company  
Case No. 06-80010-CIV-RYSKAMP  
United States District Court, S.D. Fla.*

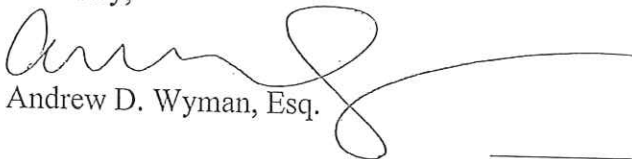

Dear Mr. Baum:

Please let this letter serve as our sincere appreciation for your hard work as an expert witness in the above-referenced matter. Your testimony at trial was a crucial component of our case. We could not have secured the multi-million dollar jury verdict for our client without your demonstrated knowledge and ability to educate the jury on the issues for which you were called to testify.

I would also like to thank you for the thorough work (on short notice) that you put into assisting us with our preparation for the cross-examination of the insurance company's expert witness, Mr. Rene Salazar. Although Mr. Salazar was never called to testify, your insights were extremely valuable.

Federal trials such as this one are never easy. However, they become much easier when expert witnesses demonstrate the pride in their work that you have displayed here.

Sincerely,

Andrew D. Wyman, Esq.
